CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing within 30 days of the date of the sale.

Coins and medals are sold at so much per **PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are **strictly for cash**. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

A charge of 5 % will be made to cover packing and shipping, but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

Priced catalogue of this sale sent for \$1.00 cash in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

OUR LAST SALE OF THE SEASON.

If August is "the dog days", yet then is the time to buy coins and medals. Besides, there are other real reasons why you should carefully look through this catalogue. It contains a large variety of most interesting material belonging to several persons, with something for all classes of collectors, in Ancient, Mediaeval and Modern Coins, some fine and rare paper money, many fine medals, a lot of interesting merchants cards, etc. In gold coins a very good slug and an 1879 proof stella are offered. Some very good U. S. Silver is listed, also a considerable offering in foreign silver coins, with a complete set of South African Republic gold and silver coins. The Colonial and Continental paper money Confederate and broken bank notes and U. S. fractional currency are varied and some are scarce. There is an exceptionally good 1799 cent, with a very fine, bold date, also a line of U. S. half cents, as well as a group of U. S. pattern coins belonging to a North Dakota collector. An assortment of ancient coins will interest collectors of that class, and a fine lot of Cufic glass weights is listed. The medals include an unusual variety of Abraham Lincoln and various politicals.

As this will be my last sale until about October first, do not neglect giving the catalogue an examination and send me in a few bids, no difference how few, for this sale. We endeavor to be fair in our descriptions, realizing the delicate position we occupy between buyer and seller, and our endeavor has been not to favor one over the other. Against the very few complaints we have received as to description or condition of the pieces, we receive many letters of thanks and appreciation. Be certain you bid by the Piece, and again we ask for a few bids. 1025 lots listed.
